DREAM PROGRAM

With the support of a nationwide network of volunteers, hospices, health care organizations and committed donors, Dream Foundation has given life to more than 34,000 final Dreams since our inception in 1994.

Our Dreams touch lives, meet essential needs, reunite families and play a critical role in the special end-of-life care that focuses on improving quality of life for Dream recipients and their families.

Dream Foundation receives no state or federal funding—we rely solely on private and corporate donations. To support our mission please visit www.dreamfoundation.org/donate.

REQUESTING A DREAM

Our application process is simple. You can apply online at www.dreamfoundation.org, where you'll find all the information you need about the application process, the kinds of Dreams we fulfill and answers to frequently asked questions.

Dreams can range from basic needs items, such as a new computer or TV, to a vacation, a bedside reunion or meeting a personal hero and everything in between—requests that provide joy and relief. Through this non-medical form of end-of-life compassionate care, Dreams provide inspiration, comfort and closure to Dream recipients and their families.

Qualifications

Dream recipients are at least 18 years old, diagnosed with a life-limiting illness and a life expectancy or ability to participate in their Dream of 12 months or less, and they lack the resources to fulfill their Dream.

Who can apply?

Applications come from qualified individuals, as well as from social workers and healthcare or palliative care professionals who apply on behalf of their patients. We also take applications from veteran support organizations, such as the United States Department of Veterans Affairs.

Dream Application

To apply, please visit our website at www.dreamfoundation.org or call us at 888-4DREAMS. Please contact application@dreamfoundation.org for more information. Please note: an abbreviated application is available to those currently receiving hospice care.
