

Employee Resource Group Partnerships with Dream Foundation

For team building opportunities close to your mission, close to your heart, and close to wherever you are.

Join the growing number of Employee Resource Groups (ERGs) partnering with Dream Foundation to help drive employee engagement and organizational growth.

Dreams can be as simple as helping make mother/daughter time truly special. We provided Yvonne and her daughter with a magical day out at The Grove in Los Angeles, a favorite shopping, lifestyle and dining destination.

Many who have served request Dreams that reflect aspects of their military lives. U.S. Army and Vietnam veteran Billy dreamed of taking his family for a flight on the "Huey" helicopter he rode during the war. We also arranged for him to be pinned with his 50th Anniversary Vietnam pin.

About Dream Foundation

Dream Foundation is the only national Dream-granting organization for terminally-ill adults and their families. Every year, we help fulfill the final Dreams of adults with a life expectancy of 12 months or less in every state and Puerto Rico.

Dreams come in many forms and are a critical part of a palliative care program, with 80% of Dream recipients reporting a greater sense of well-being after a Dream in an independent study run in conjunction with the American Psychiatric Association.

Since 1994, we have served over 34,000 Dreams that touch lives, meet essential needs and provide joy, comfort and closure at the end of life.

And members of your ERG could be part of the next Dream that comes true.

Help make Dreams come true wherever you are

Tell us where your people are. Let us know their interests—whether it's women, military veterans, or any other underserved community—and we'll work with you to arrange for ERG members to represent Dream Foundation by personally delivering the Dream contents to the Dream recipient.

You could be presenting Dream recipients with tickets and other travel-related items so that they can reunite with their families and loved ones or take final vacations. Or you might be helping deliver lift chairs and comfortable beds that help with mobility and pain-free rest.

If you want to help serve veterans, you could even be part of commemorative moments, such as pinning ceremonies, where representatives from the U.S. Department of Veterans Affairs, military personnel, or elected officials honor Dream recipients for their service.

And with so many different Dream deliveries to choose from in every state and Puerto Rico, your field teams can meet with Dream recipients that align with your mission or interests in a location that suits you.

Stories worth sharing

You'll receive Dream delivery summaries in impact reports that can be presented in meetings. Share the stories on your social media channels or in your newsletter. We'll share them on our social channels.

"We'll always cherish this memory of our time with Ignacio." Justin from Kyowa Kirin, Inc. helped deliver everything provided for Ignacio's Dream family trip to Disneyland.

A fellow veteran, Scott helped deliver everything provided for U.S. Army veteran Adam's Dream family trip to Universal Studios and a challenge coin to honor him for his service.
